

---

Jitaree Rodsutthi, Jesada Sabai and Orapin Termvidchakorn. Bilateral three-headed origin of biceps brachii muscle. Presented at the 27th Annual Scientific Anatomy Meeting of Anatomy Association (Thailand); April 28-30, 2004; Cha-am, Petchburi, Thailand

Jitaree Rojsutthi, Wanida Sripairojthikoon, Rachada Chiamchirungkorn, Suratsawadee Thangngken, Nantarat Chilopornprasert and Venus Asawanuchit. Patterns of mental canal in Thais. *Mahidol Dent J* 2004; 24(1): 1-6

Kajohnkriat Janebodin, Kanitsak Boonanantanasarn, Prapan Suppakpatana, Kwannarin Wannapanit, Danuphan Worawetmongkol, Nilubol Laungrungrong, Parnuwat Vatanarom, Wanida Sripairojthiboon and Panjit Chunhabundit. Effects of *Morinda citrifolia* extracts on cell proliferation and alkaline phosphatase activity in rat dental pulp cells and mouse osteoblasts. Presented at the 27th Annual Scientific Anatomy Meeting of Anatomy Association (Thailand); April 28-30, 2004; Cha-am, Petchburi, Thailand

Kanitsak Boonanantanasarn, Kajohnkriat Janebodin, Prapan Suppakpatana, Tawepong Arayapisit, Wanida Sripairojthikoon and Panjit Chunhabundit. *Morinda citrifolia* promoted alkaline phosphatase activity by hHPDL cells. Presented at the 19th International Association for Dental Research (South-East Asia Division) (IADR/SEA); September 3-4, 2004; Koh Samui, Thailand

Kanitsak Boonanantanasarn, Kajohnkriat Janebodin, Prapan Suppakpatana, Wanida Sripairojthikoon and Panjit Chunhabundit. Effect of *Citrus maxima* seed extract on alkaline phosphatase activity in human dental pulp, gingival fibroblast and periodontal ligament cells. Presented at the 27th Annual Scientific Anatomy Meeting of Anatomy Association (Thailand); April 28-30, 2004; Cha-am, Petchburi, Thailand

Kanitsak Boonanantanasarn, Kajohnkriat Janebodin, Prapan Suppakpatana, Wanida Sripairojthikoon and Panjit Chunhabundit. *Morinda citrifolia* extract induces of matrix mineralization by human periodontal ligament cells. Presented at the 27th Annual Scientific Anatomy Meeting of Anatomy Association (Thailand); April 28-30, 2004; Cha-am, Petchburi, Thailand

Orapin Termvidchakorn, N. Jeerapatt, C. Sirithaveesit, P. Chukorn, P. Tharapoom and S. Terdbankerd. The ability of dental personnel in shade guide selection. Presented at the 19th International Association for Dental Research (South-East Asia Division) (IADR/SEA); September 3-4, 2004; Koh Samui, Thailand

Panjit Chunhabundit, Kanitsak Boonanantanasarn, Kajohnkriat Janebodin, Wanida Sripairojthikoon and Prapan Suppakpatana. Nacre induces mineralized nodule formation by human periodontal ligament cell. Presented at the 6th International Congress on Maxillofacial Rehabilitation; June 17-19, 2004; Maastricht, Netherlands

Panjit Chunhabundit and Misuo Yamauchi. Collagen crosslink analysis in mineralized nodule : A training report. Presented at the 27th Annual Scientific Anatomy Meeting of Anatomy Association (Thailand); April 28-30, 2004; Cha-am, Petchburi, Thailand

Panjit Chunhabundit, Wanida Sripairojthikoon, Prapan Suppakpatana, Kanitsak Boonanantanasarn, and Kajohnkriat Janebodin. Nacre induces mineralized nodule formation by human dental pulp cells. Presented at the 82nd General Session & Exhibition of the International Association Dental Research (IADR); March 10-13, 2004; Honolulu, Hawaii, USA

Prapan Suppakpatana, Kanitsak Boonanantanasarn, Kajohnkriat Janebodin, Tawepong Arayapisit, Wanida Sripairojthikoon and Panjit Chunhabundit. Osteoconductive role of squid pen from *Loligo opalescens*. Presented at the 19th International Association for Dental Research (South-East Asia Division) (IADR/SEA); September 3-4, 2004; Koh Samui, Thailand

Prapan Suppakpatana, Kanitsak Boonanantanasarn, Kajohnkriat Janebodin, Wanida Sripairojthikoon W and Panjit Chunhabundit. Cassia fistula leaf extract increases alkaline phosphatase activity in cultured human dental pulp, gingival fibroblast and periodontal ligament cells. Presented at the 27th Annual Scientific Anatomy Meeting of Anatomy Association (Thailand); April 28-30, 2004; Cha-am, Petchburi, Thailand

Tawepong Arayapisit, Kanitsak Boonanantanasarn, Prapan Suppakpatana, Kajohnkriat Janebodin, Wanida Sripairojthikoon and Panjit Chunhabundit. Effect of five Thai herbs on oral squamous cell carcinoma cell line. Presented at the 19th International Association for Dental Research (South-East Asia Division) (IADR/SEA); September 3-4, 2004; Koh Samui, Thailand

Wanida Sripairojthikoon, Pao Pradistassanee, Jesada Sabai and Wuttiapon Supapipat. Electronic atlas of human skull. Presented at the 27th Annual Scientific Anatomy Meeting of Anatomy Association (Thailand); April 28-30, 2004; Cha-am, Petchburi, Thailand
