## POSTGRADUATE EDUCATION HANDBOOK Academic Year 2018

**Faculty of Dentistry, Mahidol University**

# FACULTY OF DENTISTRY

*Find everything you need to know about student's  
life at DTMU*

This postgraduate education handbook has been produced for students who are coming to study at the Faculty of Dentistry, Mahidol University. This booklet provides some basic and handy information to help you familiarize with this new environment on academic matters and students services and facilities. It also provides practical guidance on coming to live and study in Bangkok for international students.

The Postgraduate Education Unit is the authorized office to provide advisory service and assistance. Contact us if students have questions about the information provided in this handbook or if students have a query related to coming to live and study in Thailand that has not been included.

## Faculty of Dentistry

The Faculty of Dentistry prides itself on its teaching, research and public oral healthcare services. The Faculty is one of the most reputable educational institutions in dentistry in Southeast Asia, with comprehensive facilities, modern clinics, and experienced faculty members. Founded in 1968, its original mission was to prepare dentists for diverse roles in this continually advancing field of healthcare. This philosophy holds strong and is reflected in the Faculty's continuous dedication to programs of excellence in dental education and research, along with high quality patient care, to fulfill oral healthcare needs.

# Thesis Preparation and Submission

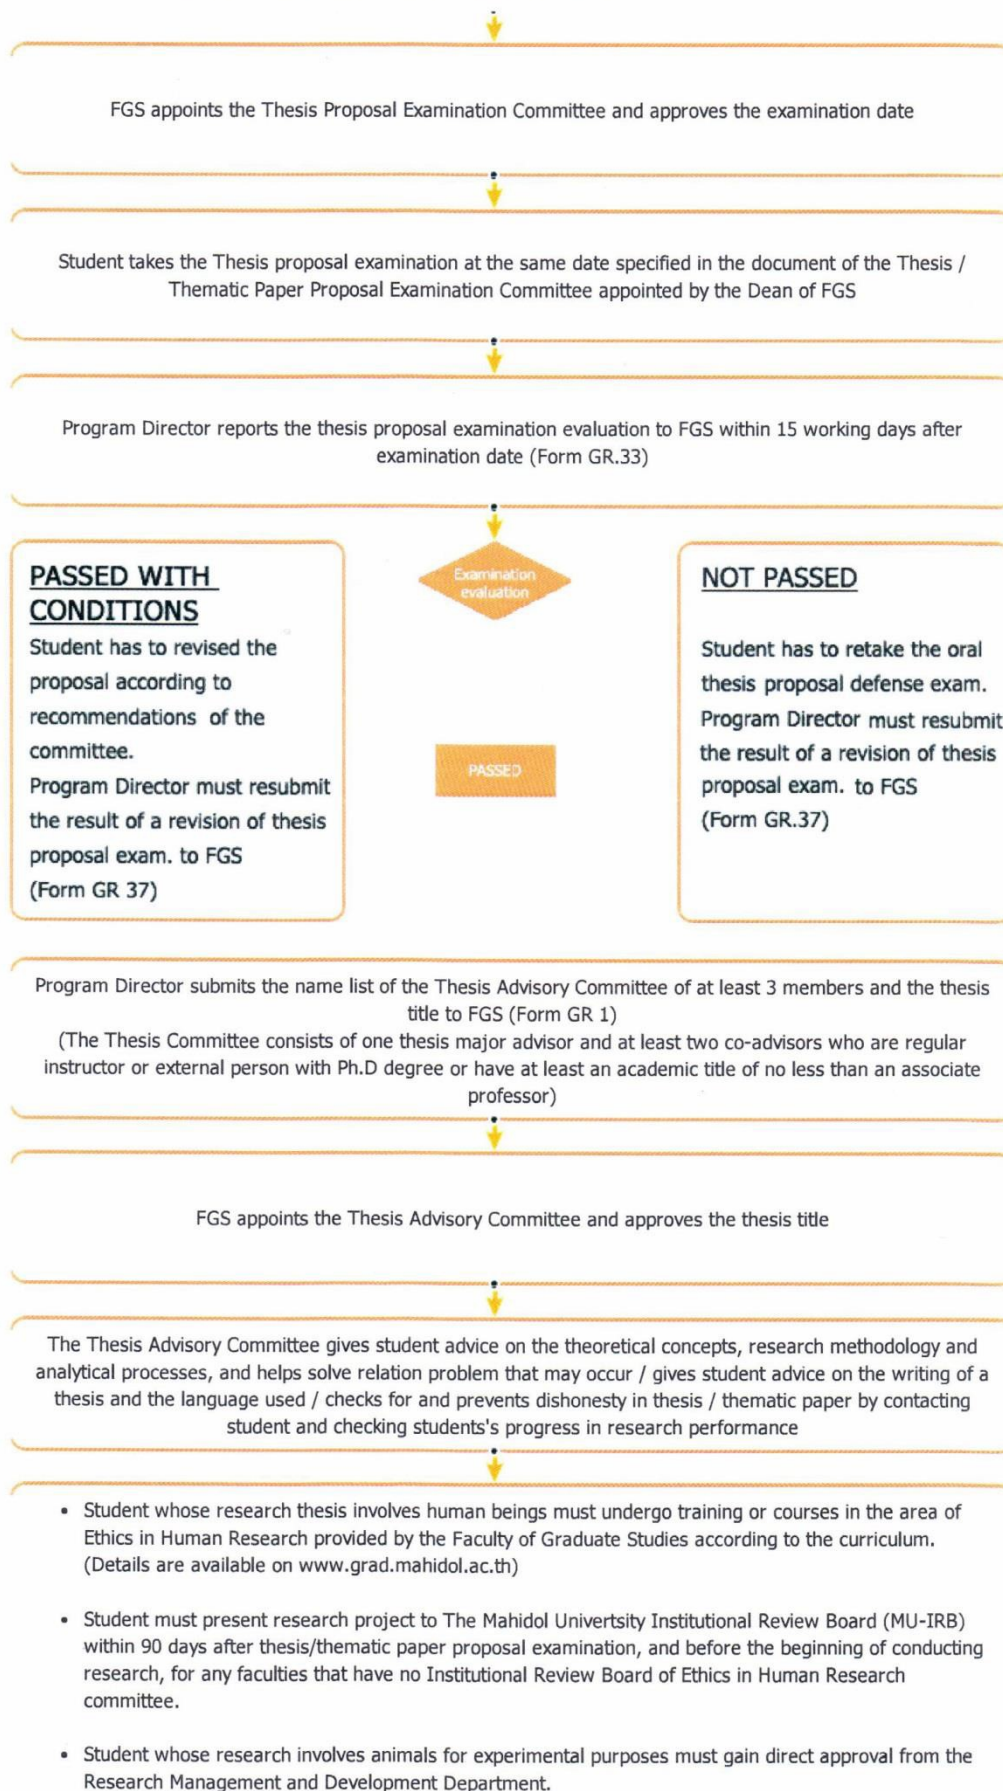

## DOCTORAL DEGREE PROGRAM

### Thesis/Thematic Paper Process

Steps for Thesis process (Doctoral Degree Program)

Steps for Thesis process (Doctoral Degree Program)

- Any original documents certifying any research animals for experimental animals for experimental involving human beings or animals for experimental purposes must be attached in the complete thesis's appendix / thematic paper's appendix

Student conducts research and contacts major advisor in person or other ways at least once per month. Student must report his/her progress and research performance to major advisor, the major advisor will assess the progress in research performance and gives the result P/S/U to Program Director and Dean of FGS every semester until the thesis is completed. (Form GR 42)

Changes in the thesis / thematic paper title and the advisory committee can be done by submitting the request to the major advisor, Program Director and Dean of FGS (Form AS-3-10 General Request)

Student who is qualified to take the thesis defense examination must:

- Spend no less than 90 days (including holidays) doing the thesis starting from the day when the thesis title and the Thesis Advisory Committee are approved by the Dean of FGS
- Pass every course according to the criteria of the curriculum and obtain no lower than a 3.00 GPA.
- Pass the English language or Foreign language proficiency requirement as set by FGS
- Be approved by the Thesis Advisory Committee.
- Submit the thesis manuscript and abstract written in the approved language, to the Thesis Defense Committee for reading at least 15 working days before the examination date

Program Director will determine the examination date and submit the name list of the Thesis Defense Committee to Dean of FGS for approval and appointment (Form GR 2)

The Thesis Defense Examination Committee consists of at least 4 committee members (holding Ph.D. degree or have at least an academic title of no less than an associate professor)

- (1) major advisor
- (2) at least one external examiner and
- (3) co-advisor or a regular instructor.

FGS confirms the requirements for taking thesis defense and Dean of FGS appoints the thesis Defense Committee.

The committee must assess student's caliber in conducting research for his/her thesis, his / her know how of the research content, presentation ability in speaking and writing as well as intelligence in answering questions and finalize the exam result of thesis

The thesis examination will be an examination open to a general audience and be set at the same date specified in the document of the Thesis Defense Committee appointed by the Dean of FGS

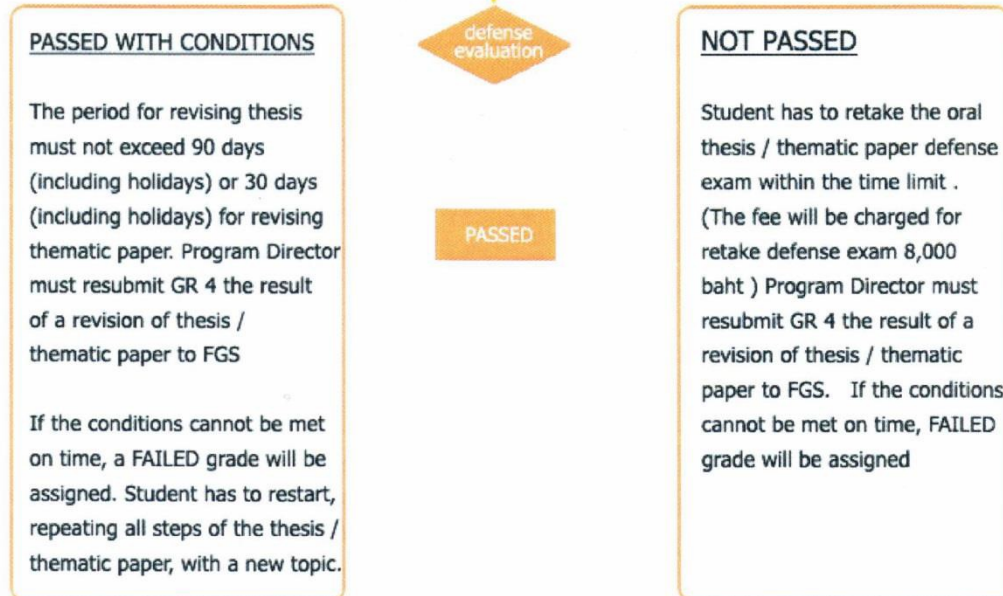

If any member of the defense committee is absent, the following should be carried out.

- FGS. must postpone the defense exam date until a new exam date is set.
- If the defense exam can not be postponed, the defense exam can proceed but the Chair of the Defense Committee must notify the Program Director of the problem and then submit it to Dean of FGS. The absent committee member must later evaluate the thesis. The final exam result must be approved by the Dean of FGS.

#### Steps for Thesis process (Doctoral Degree Program)

- The Chair of the Defense Committee must finalized the exam result of the thesis
- The defense committee who is a thesis major advisor must inform the student of the result of the thesis defense exam, in written form within 5 working days after examination date and submit that result to the Dean of FGS via the Program Director within 15 working days after examination date (Form GR.3)

Students whose research involves human beings or animals for experimental purposes must officially notify the termination of the project to the Institutional Review Board committee.

The process of preparing the original copy of thesis and request for thesis checking format service.

1. Student must prepare the original copy of thesis in the format required by FGS.
2. Student should submit the Cover Page, Entitled Page, Approval Page and Abstract Page to the staff of Academic Services Section, FGS, Salaya Campus to have those checked before the defense examination date. This provides student to be able to bring Entitled Page and Approval Page to the Thesis Advisory Committee and The Thesis Defense Examination Committee to sign after passing the defense exam. (result : PASSED)
3. After passing the defense exam. Student should bring the original copy of thesis (hard copy and electronic file) to the staff of Academic Services Section, FGS. to have the thesis format checked. Allow at least two working days for service.
4. As for the English Thesis Abstract, student should have the Language Center Staff (at the 2nd floor of Graduate Studies Building, Salaya Campus) checked for the English Grammar, the English Thesis Abstract should be in a double space format.

After having the English Thesis Abstract checked by the Language Center Staff, and having corrected, student should submit the final version of the abstract together with Entitled Page and Approval Page to the Dean of FGS to sign. The Dean of FGS will be the last person to sign after other committee members, Program Director and Dean of Faculty where the program held have signed.

- Student must submit the complete thesis (one original and one copy) plus CD in word file and PDF file to the FGS within 21 days (including holidays) of passing the defense exam with "passed" result. A fee will be charged for late submission 200 bath / working day. The "delayed submission" can not last more than 90

Steps for Thesis process (Doctoral Degree Program)  
days (including holidays) after the "PASSED" result.

- Cancellation of thesis examination result if the delayed submission of the complete thesis and CD has not been received by the FGS within 90 days (including holidays) after the "passed" result, the FGS will cancel the thesis or thematic paper examination result. If the student still wants to receive the degree, the student must register and start the entire processes of the thesis or thematic paper again.

Student must submit the evidence for Thesis Publishing for Graduation.  
(Published documents or letter of acceptance from International Peer-reviewed academic Journal)

Program Director must submit the request for student's graduation to FGS (Form GR 5)

FGS gives consideration regarding referrals to the Mahidol University Council for authorization of degree

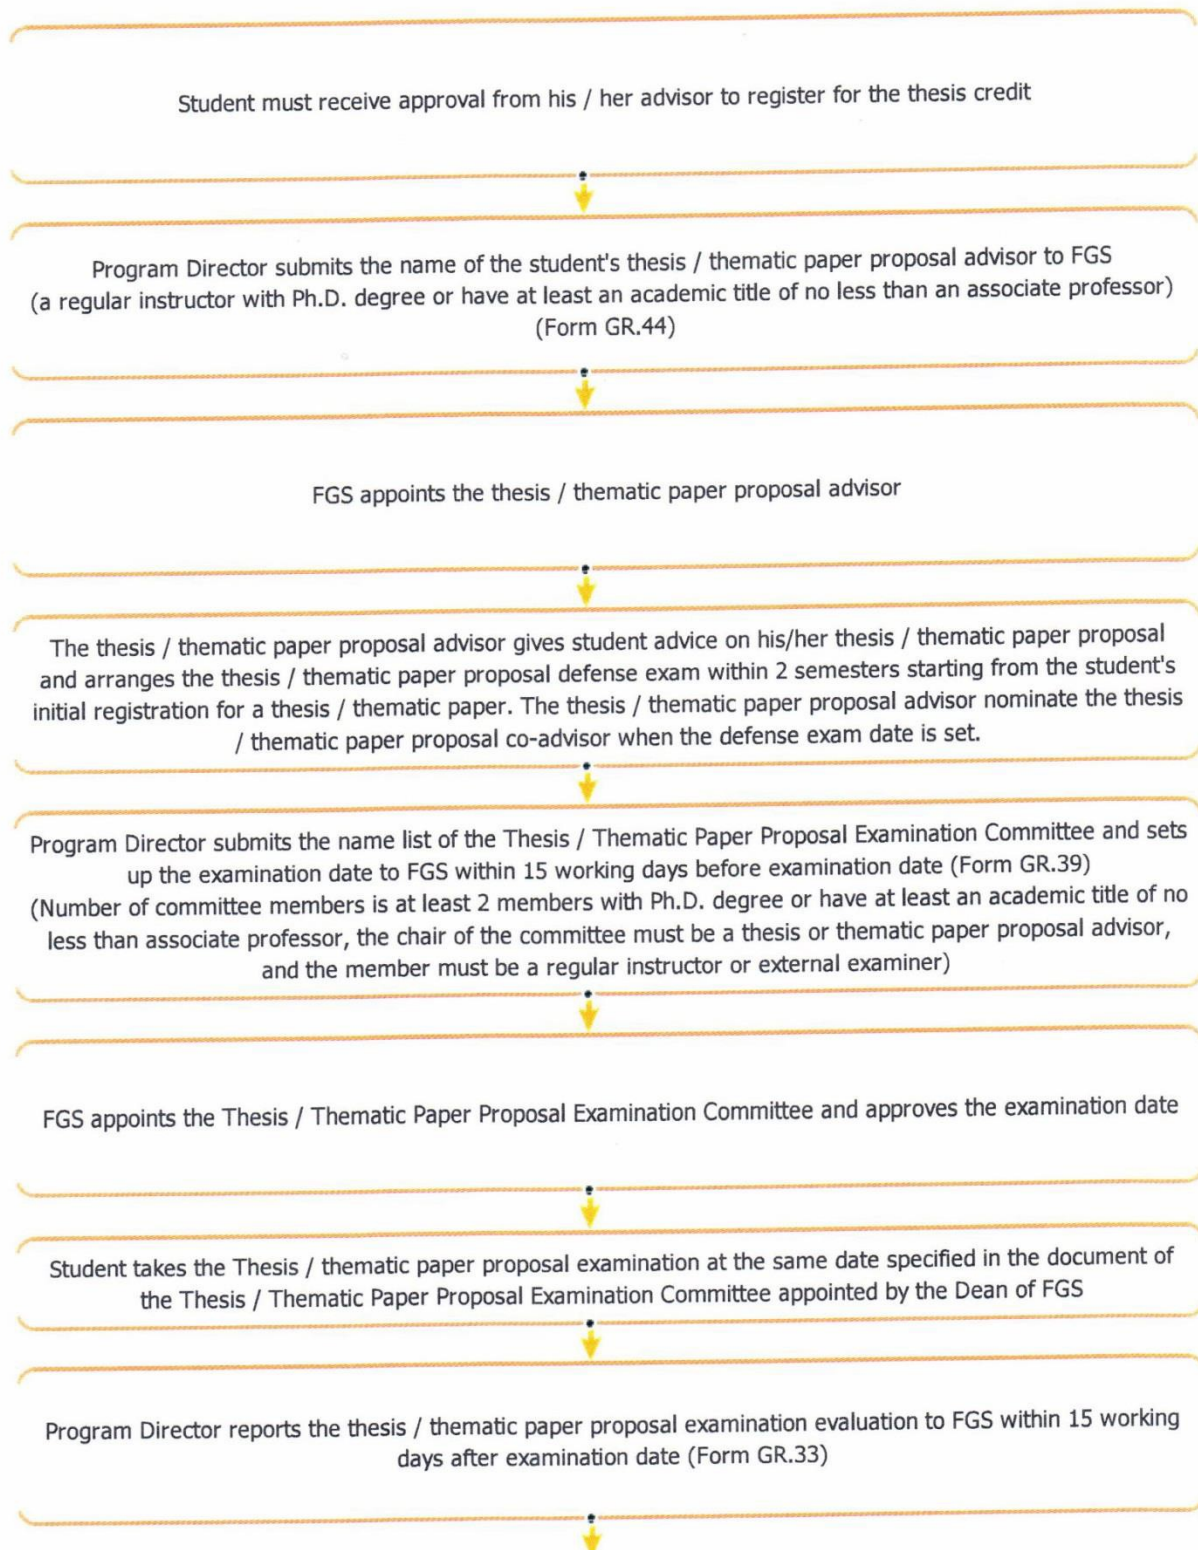

Student is awarded the degree and then she/he can get certificate of Graduation and Transcript

- **Visa and Immigration**

International students coming to study in Thailand require a non-immigrant education visa, Non-Immigrant ED. On your arrival at Suvarnabhumi Airport or any ports in Thailand, the students holding no matter of single or multiple entries will be granted a 90-day visa for entry to Thailand. As full-time students, international students need to have a one-year permit to stay in the country. As a result, you must extend your visa 30 days before it expires. Then, you will be granted to stay in the country for one year and extend the visa year by year. *However, during that year, students are required to do the „Notification of Residence” to the Immigration Bureau every 90 days via the online service on its website Students must do this at least 15 days before the due date or 3 days after the due date.*

## Single Entry Visa

## Multiple Entry Visa

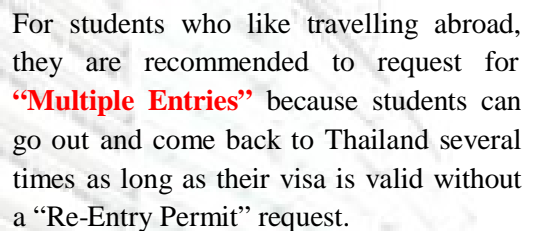

## One-year Stay Permit

For **single entry** holders, before leaving the country, students must request the Immigration Bureau for a **Re-Entry Permit** to keep the visa and stay permit valid.

Students who have come to Thailand with a **“Tourist Visa”**, which allows students to stay in the Kingdom for 60 days, are required to change the type of the visa to a ‘Non-Immigrant ED’ at least 15 days before the visa expires. ***However, students are recommended to change the visa at your earliest convenience.***

Students must keep this card with their own passport all the time. It is needed for all transactions about the visa. If the card is lost, students have to contact a police station to get a notification letter for the new one.

ตั๋วโดยสาร Ticket	หมายเลข Number

- If students fail to do a **visa extension**, you will be fined 500 Baht per day from the expiry date.
- If students fail to request a **Re-Entry Permit** before leaving Thailand, your student visa will be canceled, and you will enter into the country with a tourist visa. Then, students will need to change the visa type.
- If students fail to change the **visa type**, you will be fined 500 Baht per day from the expiry date.
- If students fail to do „**Notification of Residence**“, you will be fined 2,000 Baht.

# Mahidol University

*Wisdom of the Land*

## Corporate Identity of Mahidol University

### Mahidol University Logo

The word “**Mahidol**” is derived from the Pali, and also Sanskrit, *mahi* “**land**” + *tala* “**ground level**”. Mahitala can thus be translated as “*the ground of the earth*”.

**Kan Phai Mahidol** is the symbolic plants of Mahidol University. It was named to commemorate the late Princess Mother, Somdej Phra Sri Nakarindra Boromarajajonnani. It is a rare tropical plant found in Limestone Mountains in the western side of Thailand. One among only three known species in the genus, *A. mahidoliae* is a climber in the pea family. The plant possesses purplish and whitish pea-like florets in inflorescences which are usually in blooms during August to November.

**Prince Mahidol Hall** is a grand hall of Mahidol University with the vision of a grand hall as the proper venue for the graduation ceremony. It is the largest concert hall of Thailand, located in Salaya Campus, Phuttamonthon District, Nakhon Pathom. The hall was opened on April 14, 2014 with a performance by the Thailand Philharmonic Orchestra.
