Dear Ms. Wanpimon Senapadpakorn

Greetings from the National University of Singapore (NUS)

Time flies and we are planning for the NUS Enterprise Summer Programme in Entrepreneurship 2021. Thank you for your support in sending your students to our previous runs in 2018 and 2019 where we welcomed about 300 students over the 2 years from 50 universities across more than 20 countries, to discover the innovation and entrepreneurship ecosystems in Singapore and the Southeast Asia region. Hope they had benefitted from our entrepreneurship programme.

The recent pandemic outbreak has resulted in the cancellation of the programme in 2020. For this year, we are returning virtually and would like to invite your prestigious university to participate as our partner again. We hope more entrepreneurially-minded students could benefit from our programme. We are confident that the friendships and network formed with peers around the world will benefit them in their future entrepreneurial endeavours.

The programme charges a fee of SGD4,650 nett. As our esteemed partner, **NUS is pleased to offer scholarship of SGD4,650 to a few deserving students from your university.** Priority will be given to students in their third and final year, though we welcome students from other levels to apply as well.

We would appreciate it if you could **nominate up to 10 students whom you think are the most passionate about entrepreneurship** for the programme. For students who are not selected for the scholarship, but eligible for the programme, we would strongly encourage them to self-fund and/or if the university could sponsor them for the programme.

Date: 5 - 16 July 2021
Venue: NUS (Virtual)

The **application period begins on 15 February and closes on 31 March 2021.** We would greatly appreciate it if you could send us the list of the nominated students when ready, and to inform your nominated students to submit their application through the following portal: <https://myapplications.nus.edu.sg> before the application closing date. The organising team from NUS will do the selection and inform the outcome thereafter.

Enclosed the programme brochure for your easy reference and dissemination. To find out more information about programme, do visit our website and social media channels.
